About me

I am Anita, full time UX/UI Designer and former Architect with strong organizational skills and attention to detail, based in Shtip, The Republic of North Macedonia.

I work with various programs, such as ArchiCad, AutoCad, Google SketchUP, Lumion, Adobe Photoshop, Adobe Illustrator, Adobe XD, Figma, Microsoft Office and am happy to learn whichever new program is asked of me.
In addition I work on creating website layouts, adding, editing and translating content and adding articles with information and translation on WordPress.
